Notice to Owners

Vista Landscaping Services and the Landscape Committee will be on site Wednesday, April 22 (*rescheduled from April 15*) to do a walk-through of all common and limited properties in our development. The walk-through will begin at 9:00 am and will continue for approximately 2-1/2 hours.

We will be entering yards and ensuring breezeways are clean and free from any objects other than approved deck boxes. Cleanliness of our development is a priority. ***Patios will be checked to ensure they are kept moss free and appropriately maintained. Note this is the owner's responsibility.***

The purpose of this walk-through is to ensure our property is maintained at the highest level possible and that the financial cost we share to do this is validated.

Please note an updated approved plant list is attached. This list does not include annuals that owners may wish to plant and manage.

We are privileged to have many homeowners who have personally invested in their yards and as we walk through our development this is very obvious to see and much appreciated.

We are blessed to have acres of beautiful trees, shrubs, flowers and grass and the maintenance and replenishing of dying vegetation is a priority for this Council in order to sustain nature at its best. As a Council, we want to ensure that Wills Creek continues to be the most desirable place to live in South Surrey.

Thank you for supporting us in making this happen.

Warm Regards,
Wills Creek Strata Council
