Dear Owners:

Blowing and Removal of Leaves – Wills Creek

As we proceed into our fall season at Wills Creek our development is again being covered with leaves. Due to the large number of beautiful trees we are blessed with we also have the situation of having the leaves removed. This is a formidable task!

After conversation with many homeowners in previous years Vista and your Landscaping Committee wish to discuss the following:

Vista's priority will be to remove leaves off the roadways and common property. They aim to gather these leaves in piles to be removed.

Due to the amount of leaves time must be prioritized by Vista on the time they use for blowing leaves in order for other landscaping issues to be addressed. Some workdays all leaves will not be blown.

In private backyards in some areas leaves will be blown into background bushes to be removed later. An attempt will be made to create piles to be removed in some yards. On windy days these piles can end up back where they were first blown. Every attempt will be made by Vista to pick up leaves when feasible.

All Leaves will be removed before the winter season when feasible.

Any concerns regarding the removal of leaves must be addressed to Leonis at admin@leonismgmt.com

Please do not discuss your concerns with the team from Vista Landscape Services.

Warm Regards,
Wills Creek Strata Council
